News in brief

Holt seniors citizens meet

Holt senior citizens meet for lunch at the Sam Corey Building, 411 W. Holt Road. Lunch is served on Wednesday at 12 p.m. and is usually accompanied by entertainment or speakers. A donation of \$2 is asked for the meal for those over 60 years of age. An exercise program is offered at 11 a.m. on Wednesday. Card games are held on Thursdays from 1 to 4 p.m. at the same location. Seniors are also invited to participate in bus trips organized by Holt Parks and Recreation.

WELDING RODS

Scientists have discovered that elevated manganese exposure from welding rod fumes has been associated with Parkinson's (like Parkinson's disease) and movement. Symptoms include decreased hand agility, difficulty walking, joint pain, loss of balance, distorted facial expression, loss of equilibrium, slurred speech, memory loss, and depression. Call us today toll free at 1-800-THE-ROD for a free consultation to evaluate your potential claim. We practice law only in Arizona but associate with lawyers throughout the U.S. to help people across the country.

Cellular phone recycling

Baton County Resource Recovery has started a new recycling program for Baton County Residents. Residents are working with Ingham and Clinton Counties to collect cellular phones for refurbishing through the Wire-less Foundation. The refurbished phones will then be distributed to non-profits, such as women's shelters, and some may be resold. The cell phones that are too old to be updated and reprogrammed will be recycled. For drop-off locations and more information, contact Baton County Resource Recovery at 543-7500 ext. 627 or recycle@baton.mn.us

Delhi Charter Township

Ingham County Sheriff

Delhi Division

Phone 694-0045

Police services with the Township are performed by members of the Ingham County Sheriff's Office via a contractual agreement between the township and Sheriff's Office. The Ingham County Sheriff's Office-Delhi Township Division is located in the Delhi Township Community Services Center.

In addition to what one would consider normal police functions, the Delhi Division also offers some unique and beneficial services to citizens of the community. The D.A.R.E. Program is currently being taught in all of the Holt area elementary and middle schools. The Delhi Division also provides assistance and resources when neighborhoods wish to participate in a "Neighborhood Watch" program and has a Community Policing-Business Officer trained to handle any business related complaints, or merely assist the business owner with any that relates to the special needs of businesses. The Delhi Division also has 3 Community Police officers who work in specific areas of the township.

The mission of the Delhi Township Fire Department is to minimize the impact of community emergencies through education, prevention and service. The Delhi Township Fire Department proudly protects 35,000 people living in an area of 64 square miles. We operate out of 2 stations that protect a primarily residential area. Our department is a combination style department containing 14 full time personnel, 30 members who are paid, on-call personnel and 5 regular part-time members. The department responds to approximately 1800 calls per year. We have an ISO rating of 4.

Celebrating its 79th year, the Delhi Township Fire Department also provides Advanced Life Support Ambulance service to the residents by 24-hour staffed personnel from Station No. 1. The Department also has equipment and trained personnel to provide Fire, EMS, Haz-Mat, Search and Rescue and Extrication Services.

Fire Safety/Prevention and EMS presentations are provided to township groups upon request. An annual department open house is held each October during National Fire Prevention Week.

During 1997 the department began providing contractual fire protection to the residents of Alameda Township. The department welcomes inquiries from residents of Delhi and Alameda Township interested in becoming active members. For information contact our business office at 694-3327.

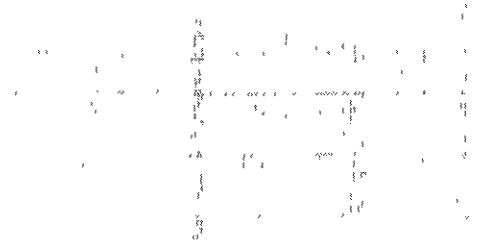

Emergency response equipment includes three ambulances, one 105-ft aerial ladder, three fire engines, one specialized rescue truck complete with the "Jaws of Life", one tanker, a brush truck, two command vehicles, an air supply truck and a fire safety inspection van.

The Delhi Charter Township Wastewater Treatment Plant designed to treat a wastewater flow of 2.5 million gallons per day. Primary treatment is accomplished through shredding, grit removal, and primary settling.

Secondary treatment consists of activated sludge digestion followed by secondary settling. The plant also has tertiary treatment that includes a nitrification tower and polishing lagoons.

Disinfection is accomplished by chlorination of the nitrification tower effluent prior to flow through the polishing lagoon. Two additional lagoons are available for high flow storage or additional detention.

Dechlorination occurs naturally or is enhanced with Sodium Bisulfite treatment. Solids handling consists of anaerobic digestion followed by gravity thickening and finally beneficial reuse through application to farm fields as fertilizer.

Park Information

Delhi Township has five parks totaling 79 acres, which include a beachfront swimming area and four pavilions to rent. For pavilion rentals call the Parks & Recreation Department at 694-1549.

Cedarblow's Hill Park

This 13 acre park, with its entrance located on south Cedar Street, south of Holt Road, is the center of winter recreation in Delhi Township. The drastic topography of this site is atypical of the township as a whole. This topography provides one of the best sledding hills in the area. At the base of the main hill is a pond, which is cleared for ice skating.

Jalisco Park

This 2 acre neighborhood park is located at the end of Wemple Street, south of Tolland Avenue. It is a small facility designed to serve the needs of the local residents. The entire area is wooded and a playground and picnic area.

Kiwanis Park

This 14 acre park, located at the end of Maple Street, south of Sycamore Street, is devoted primarily to active recreation. Kiwanis Park features eight tennis courts, two softball fields, and two basketball courts. For other recreational pursuits, the park provides a wooded playground and picnic area. The picnic area has a pavilion to serve large groups, such as family reunions, and is available on a rental basis. Restrooms, electricity, running water, and parking are also provided.

Sam Corey Senior Citizen's Park

This 5 acre facility, located on Holt Road, between Cedar Street and the railroad tracks, was built totally with money donated by the people of Delhi Township. The focal point of this park is the building, which is home to the Holt Senior Citizen's Club. Inside is a kitchen, restrooms, a dining and exercise area, as well as a living area complete with a piano and fireplace. Outside is a patio, shuffle board courts, horseshoe pits, a woodlot and ample parking.

Valhalla Park

This 45 acre site at the corner of Keller and Pine Tree Roads is the township's largest and most highly developed park. Valhalla features a wooded area, open fields, a pond, and a lake, all of which are used to provide diverse year round recreation.

During the summer months, a beach and supervised swimming are the focal points of the park. Next to this area are bathrooms, changing rooms and a concession stand. Adjacent to the beach is a large, semi-wooded, picnic area and playground. Other warm weather facilities include three softball diamonds, a nature trail, and fishing areas on both the lake and the pond. A large group picnic pavilion is also available on a rental basis.

For the winter sports enthusiasts, Valhalla offers ice skating on the small pond, ice fishing on the lake, and cross country ski trails throughout the park. There is ample parking year-round and full utility service available.
